

## Lifetime Warranty Policy

**TERMS:** Provided that the customer complies with any required follow-up as may be listed below, Sun Automotive shall specifically warrant to the buyer the component(s) described on this service invoice and not any other materials, labor or any other components or parts of the vehicle, against failure caused by defects in material or workmanship for the duration of the customer's legal and registered ownership of the vehicle. If later repairs on parts and labor purchased are necessary during the original customer's ownership, then it will be provided without charge to the buyer, within the limits of the warranty, and only at Sun Automotive. This warranty only covers parts and labor and is solely extended to the customer named. It does not cover such things as towing, loss of use, loss of earnings, personal injury damages, per diem nor any other consequential or incidental damages. The warrantor's obligation under this warranty is limited to replacing or repairing defective parts and correcting defectively furnished labor pertaining to the original repair. Large components such as engines, transmissions, or other remanufactured assemblies from an outside vendor will not be warrantied by Sun Automotive. The warrantor is responsible only for the parts and labor purchased by the customer on the invoice that prompted the issuance of this warranty and not for subsequent failure of, or damage resulting from other related parts or adjustments. This warranty will not be valid if the vehicle has subsequently been abused, misused, or if subsequent repair, service, disassembly or alteration has affected the warranted items. This warranty will be voided if the warranted vehicle is serviced by anyone other than Sun Automotive during the life of the warranty including other repair facilities or individuals. In all cases, the warrantor then reserves the right to refund the full purchase price of goods and services purchased herein, in lieu of any claim or claims under this warranty. The warranty terms herein apply to both written and implied warranties. All implied warranties are limited to the terms of this written warranty. This warranty gives you specific legal rights, and you may have other rights which vary from state to state.

**REQUIRED FOLLOW-UP:** The buyer acknowledges that as a condition to this warranty the vehicle must be returned to Sun Automotive for the following services: 1) An annual component inspection for the part being warrantied (not to exceed 12 months from the date of the original repair). All subsequent component inspections must fall within 12 months of each service; and 2) The following list of services to be completed by no later than the specified time or mileage (whichever occurs first) from the date of this invoice and at subsequent intervals thereafter. Failure to complete all services will void the previously described warranty. The list of required services is as follows:
